## Zhonghu International Digital VR/AR Industry New City - "Future City Life Experience Center"

Listening to the rain in the clouds

2019-03-18 10:38:57

As a key project in 2019, and the first phase of the work has been started, "Hengshui Shuiqiao. Zhonghu International Digital VR/AR Industry New City" is located in the west of Huzhong District, Hengshui City, and the north of the riverside town; One of the projects in the first phase has started work, and it is expected that the work will be completed in August 2020.

In fact, this was carried out on the basis of the previous small towns of VR, and it was a big bigger game around the big data and science, culture, culture and creative industries.

Also, "Luo Xiaoxiao Egg Wenwen Creation Park is actually in the southernmost position of this industrial new city."

Hengshui VR digital small town (do not understand the small partners of VR small town can click on the front heading)

The heart of the digital creative center, the display center, the creator block, and the base headquarters are the main parts of the first phase of construction.

VR small town one-phase construction content:

1) Infrastructure: The water supply network is 1800 meters long, the sewage pipe network is 2000 meters long, the rainwater pipe network is 2000 meters long, the power pipeline is 1600 meters long, the road engineering is 4,610 meters long, the greening project and the streetlight project.

2) Public supporting projects:

Newly built 3 3F, 4 4F VR Shuangchuang base Maker Street, with a building area of 10,000m<sup>2</sup>;

20F Big Data Double-Creation Base Talent Incubation Center (see high-rise building below), with a building area of 20,000 m<sup>2</sup>;

2F big data double-creation base with a building area of 10,000m<sup>2</sup>;

4F VR double-creation base exhibition center with a building area of 20,000 m<sup>2</sup>;

2F VR double-creation base headquarters, construction area of 10,000m<sup>2</sup>;

2 6 (5) F, 1 9F Digital Education College, with a building area of 50,000 m<sup>2</sup> and an underground garage of 12,000 m<sup>2</sup> (200 parking spaces).

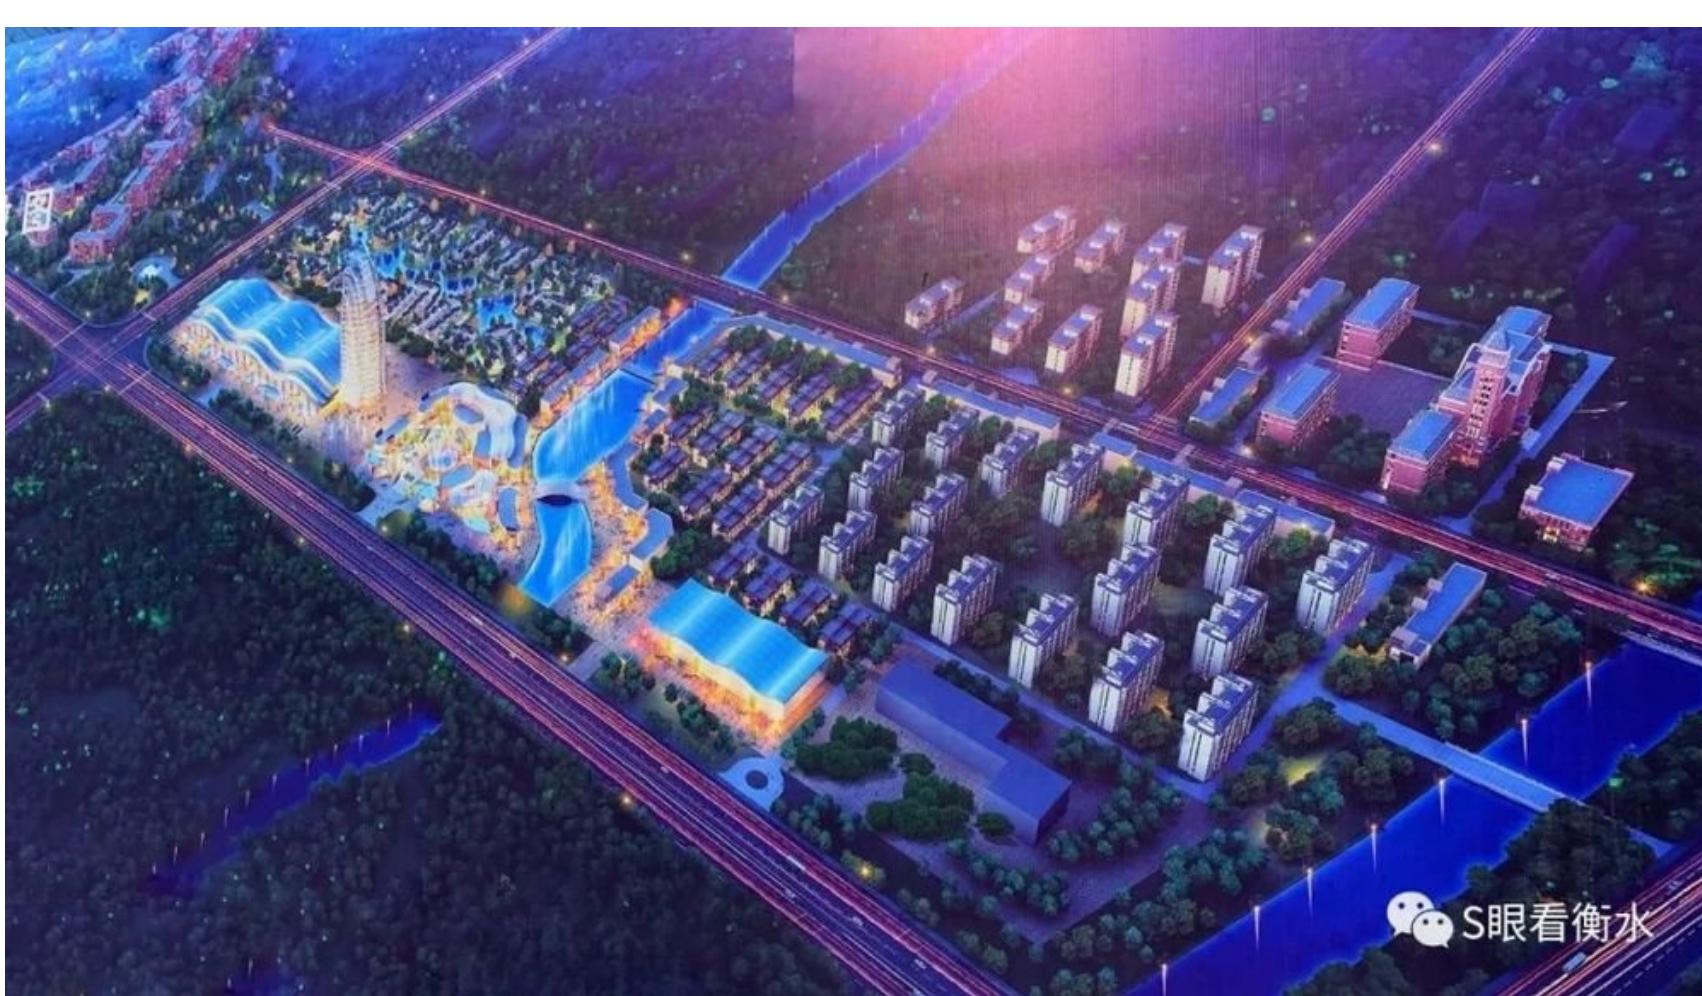

Among them, VR Shuangchuang Base Maker Street District and Digital Education College are the framework structure;

The Big Data Double-Creation Base Talent Incubation Center is a frame shear wall structure;

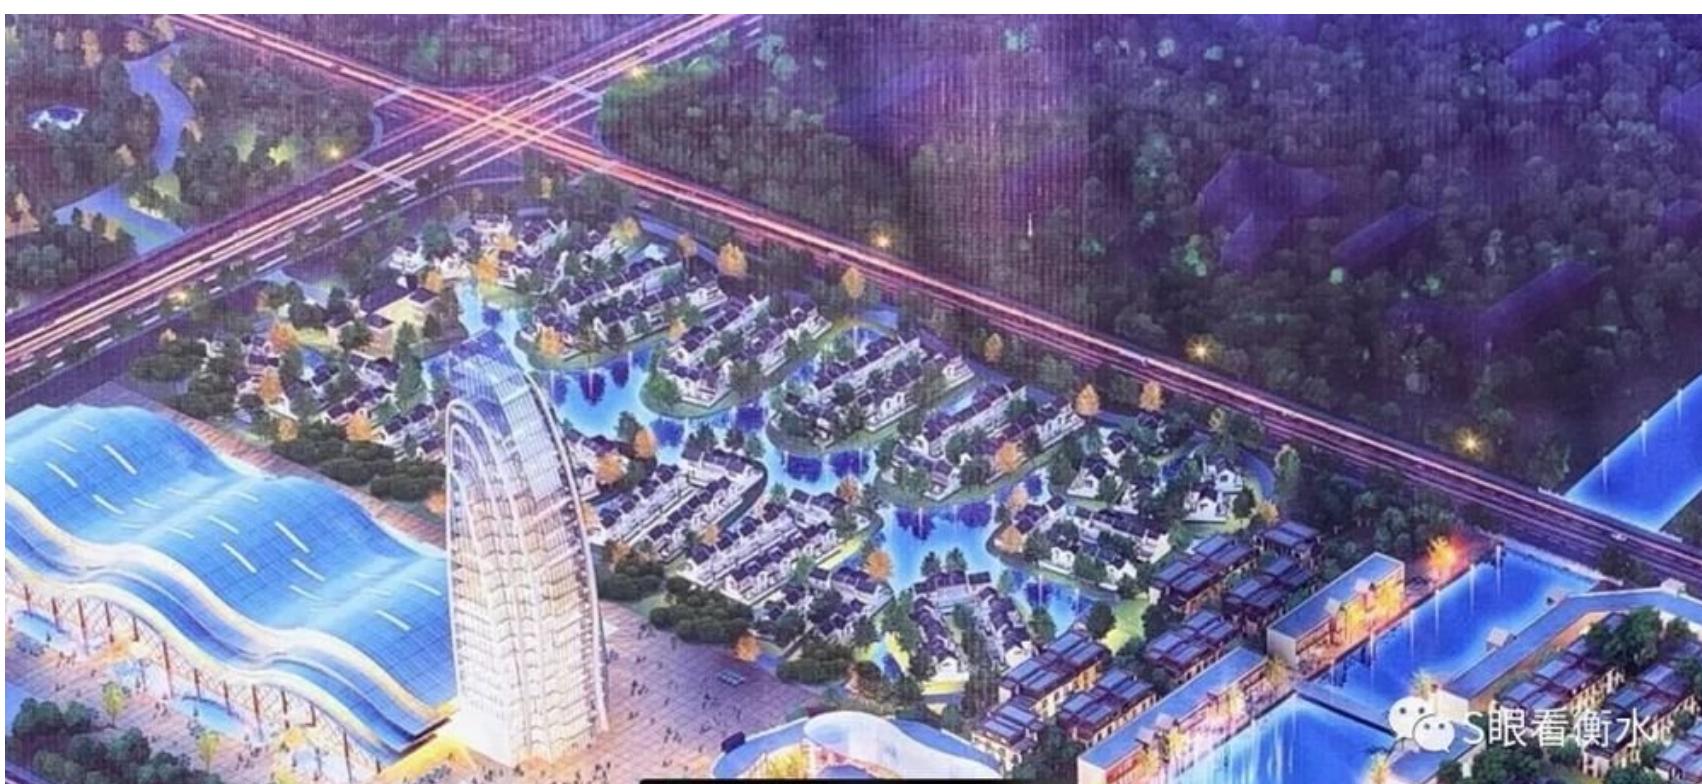

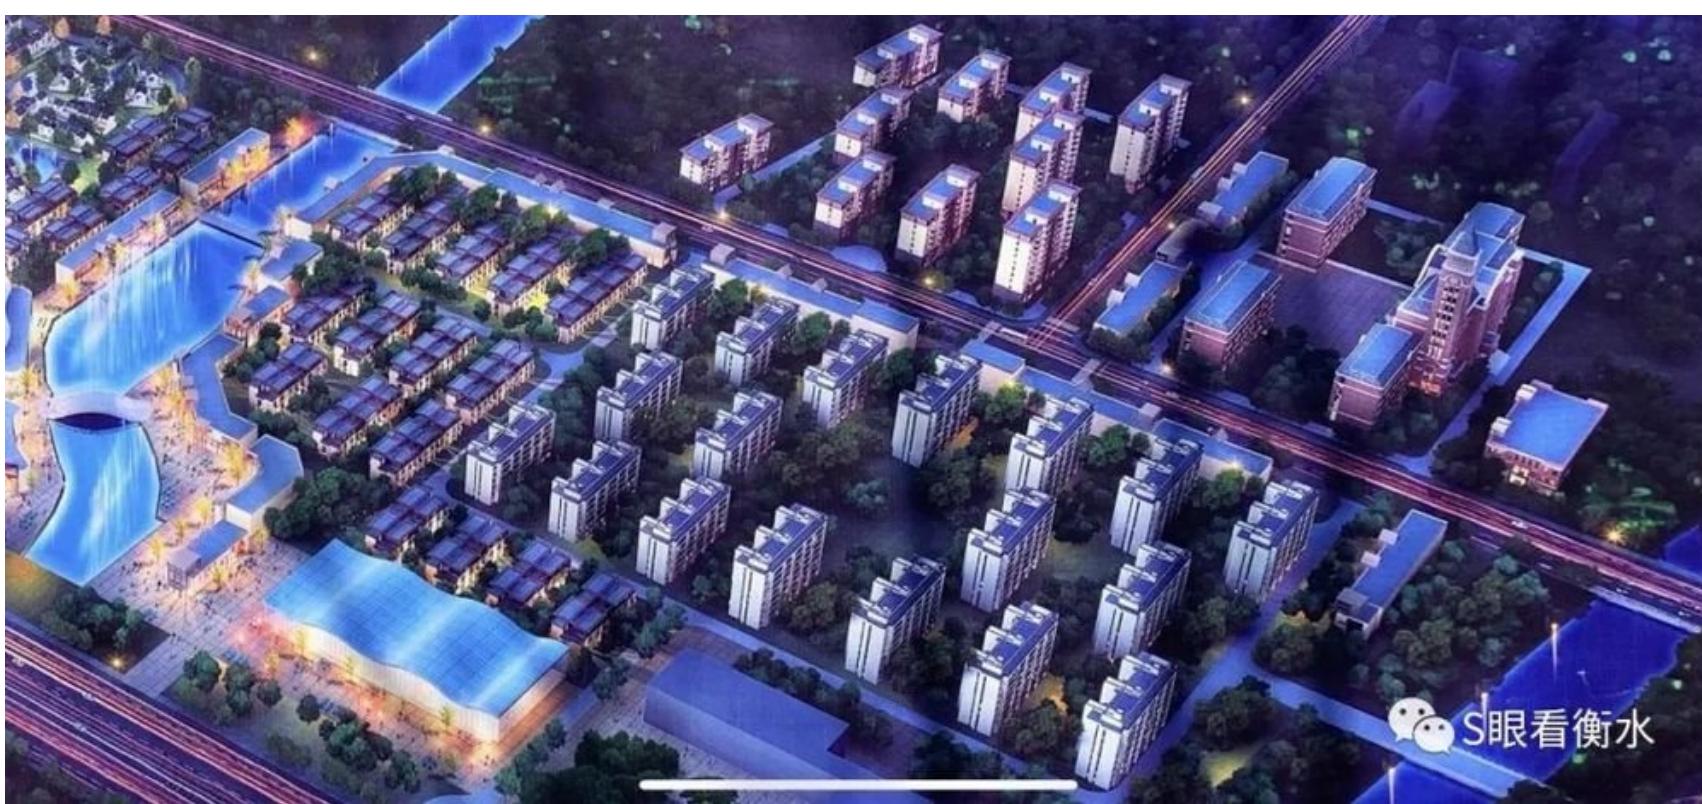

The big data double-creation base, the VR dual-creation base display center, and the VR dual-creation base headquarters are steel structures.

The total planned construction area of the project is 132,000 m<sup>2</sup>, of which the above-ground construction area is 120,000 m<sup>2</sup> and the underground construction area is 12,000 m<sup>2</sup>. (finally based on the approved construction scale)

On the north and west sides of the first phase, there are also vr theme hotel areas and vr park area (second phase) and Kangyang residential area.

Did you see the "Luo Xiao Egg Wen Chuang Garden" in the top left corner? ?

If you don't understand, please click the link below.

[Luo Xiaowen Wenchuang Garden - not just as simple as cultural creativity](#)

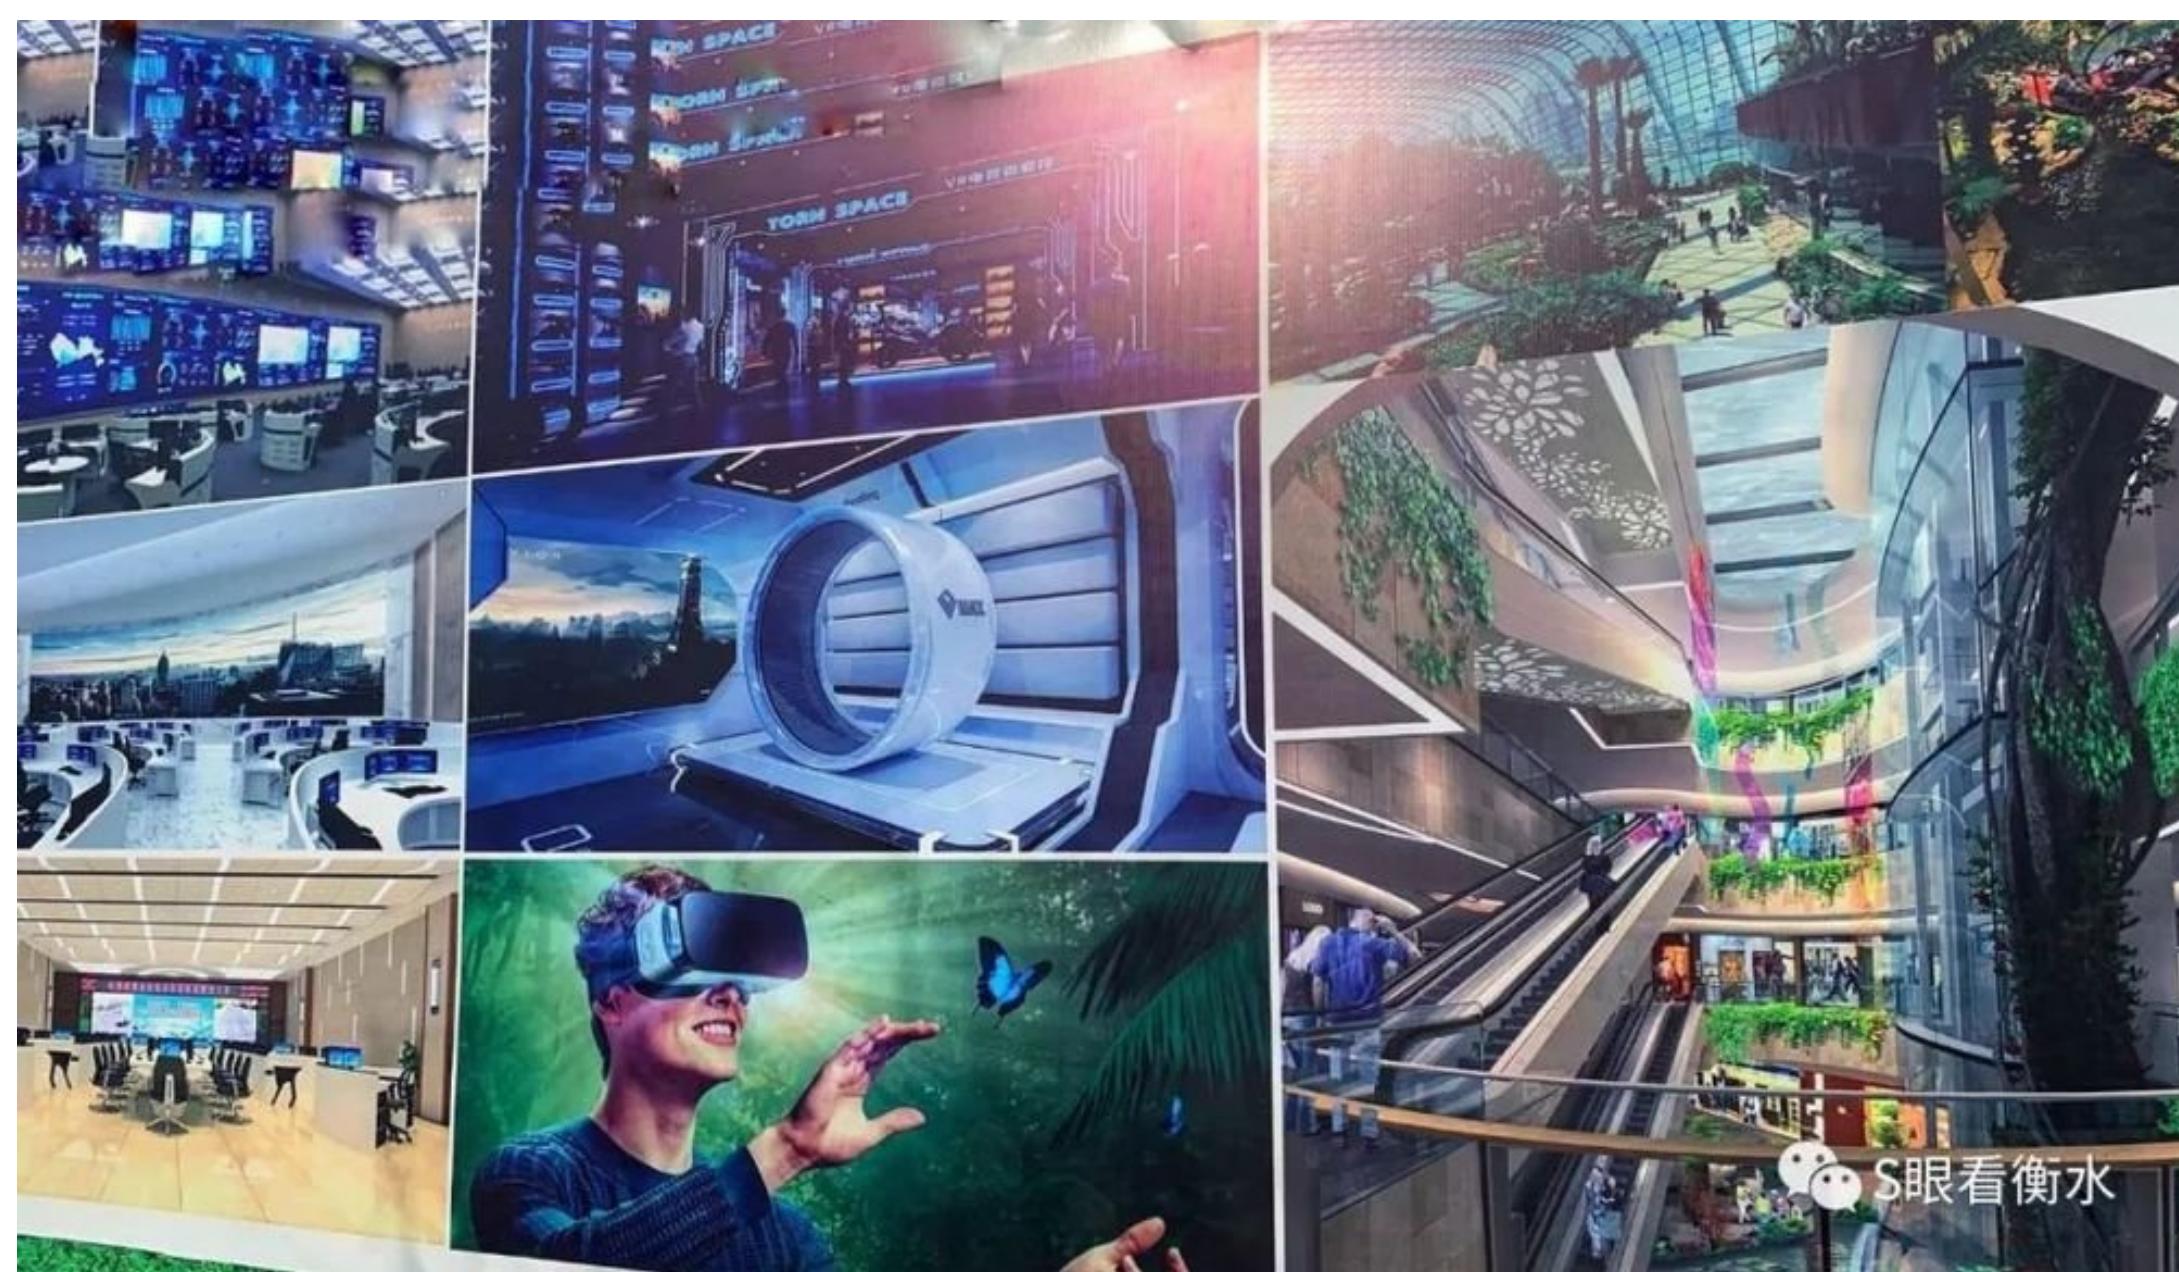

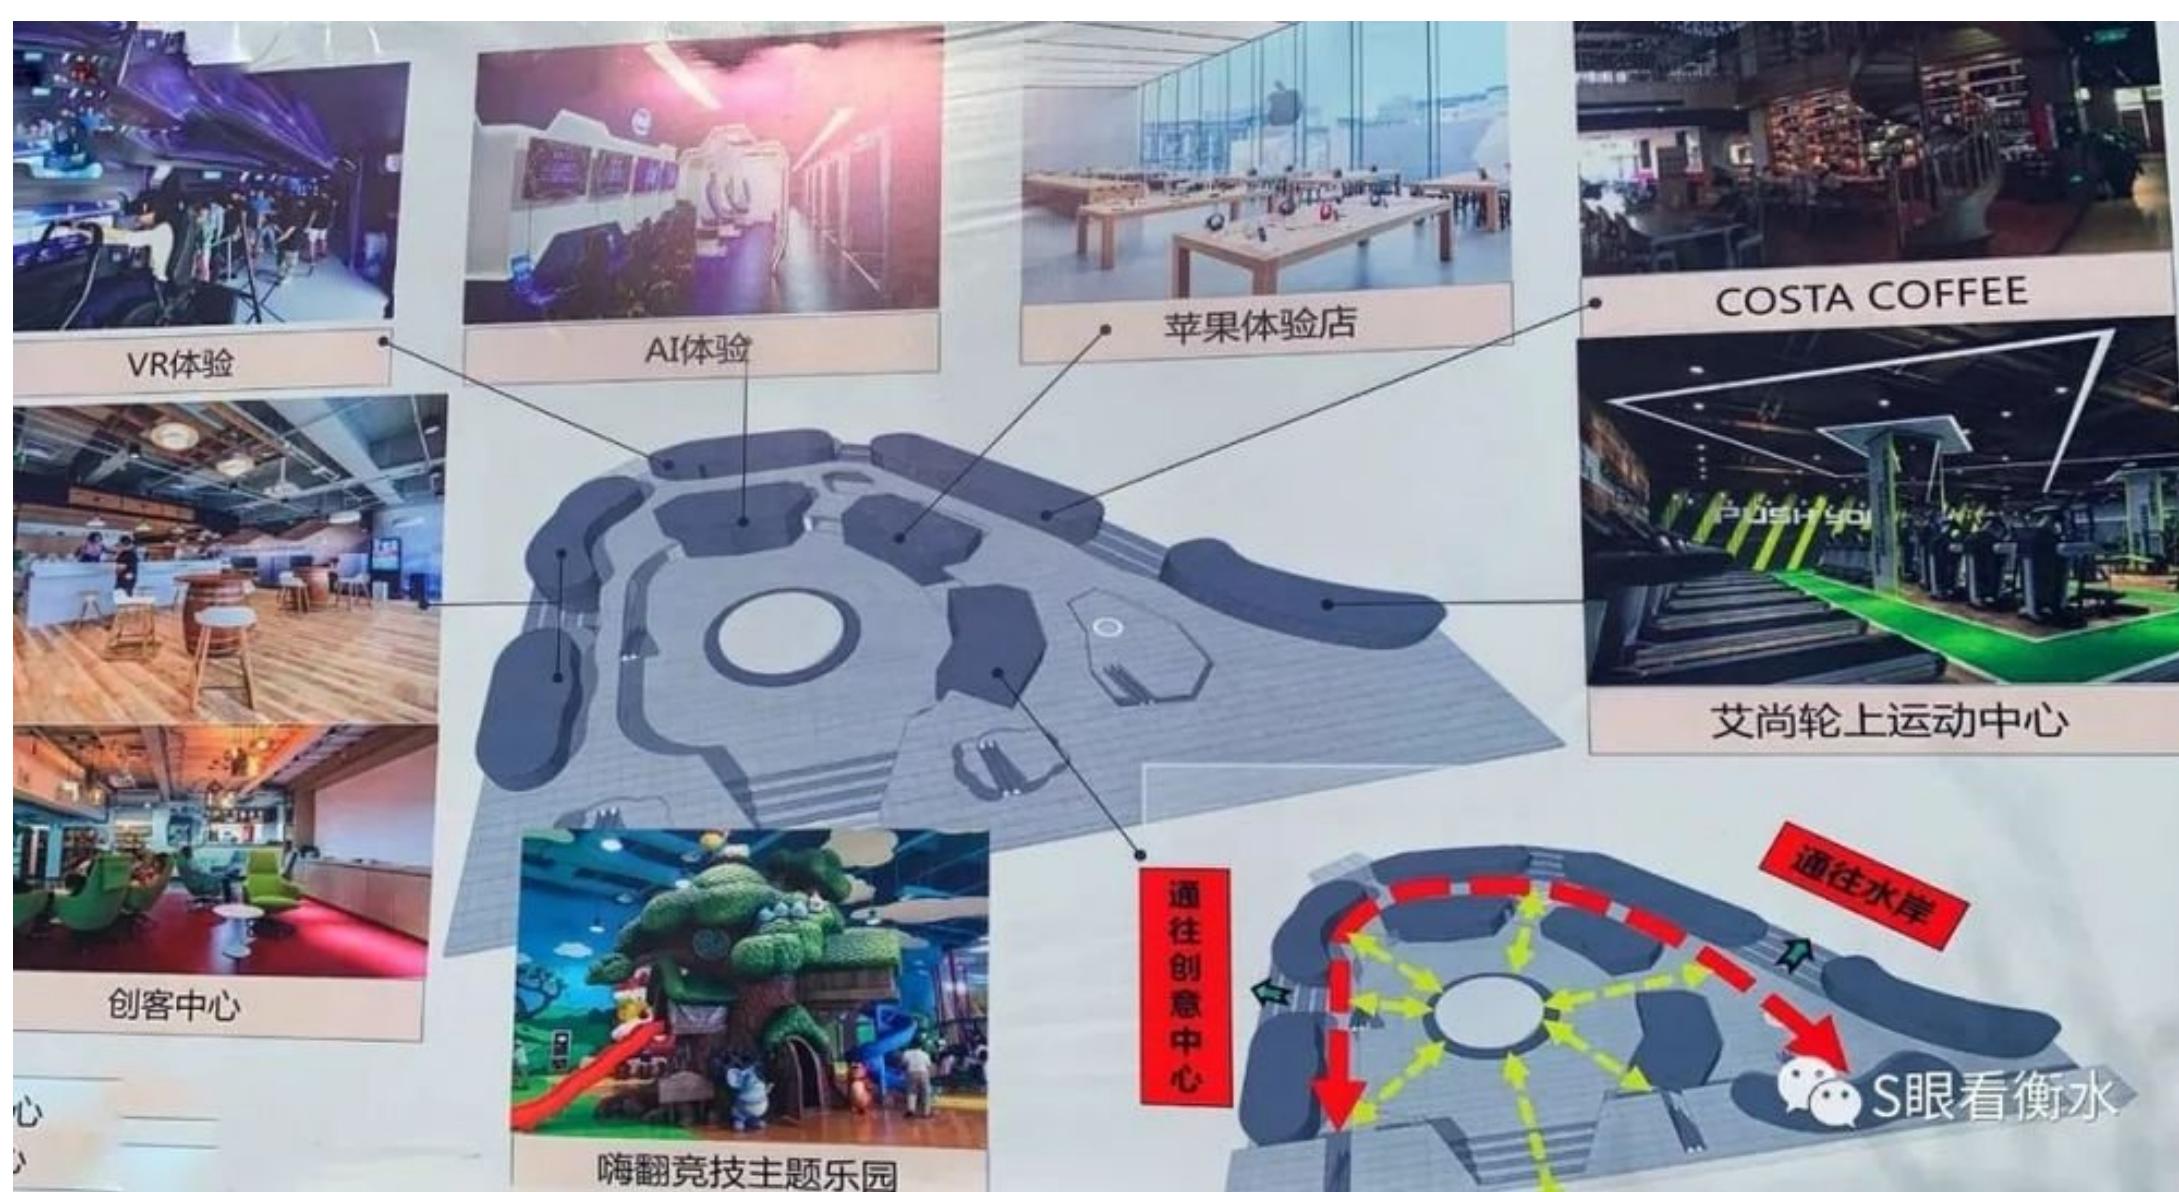

The effect map of this block is good, the key is to look at the future development of the industry.

Also this Lake Avenue landmark building must be built up to represent hope!

Say a meal, what exactly does vr play, can form a viable industrial chain?

Please see the picture below.

S眼看衡水

Construction site - in the near future, this will be one of the three core nodes of Zhonghu Avenue

There is Yuehu Manor-Nanhuan West Road (Shiheng Expressway Connection Line) in the north, Xuegu Township Area in the south, and the digital industry new city in the middle will become the most popular one in the upper reaches of Zhonghu Avenue.

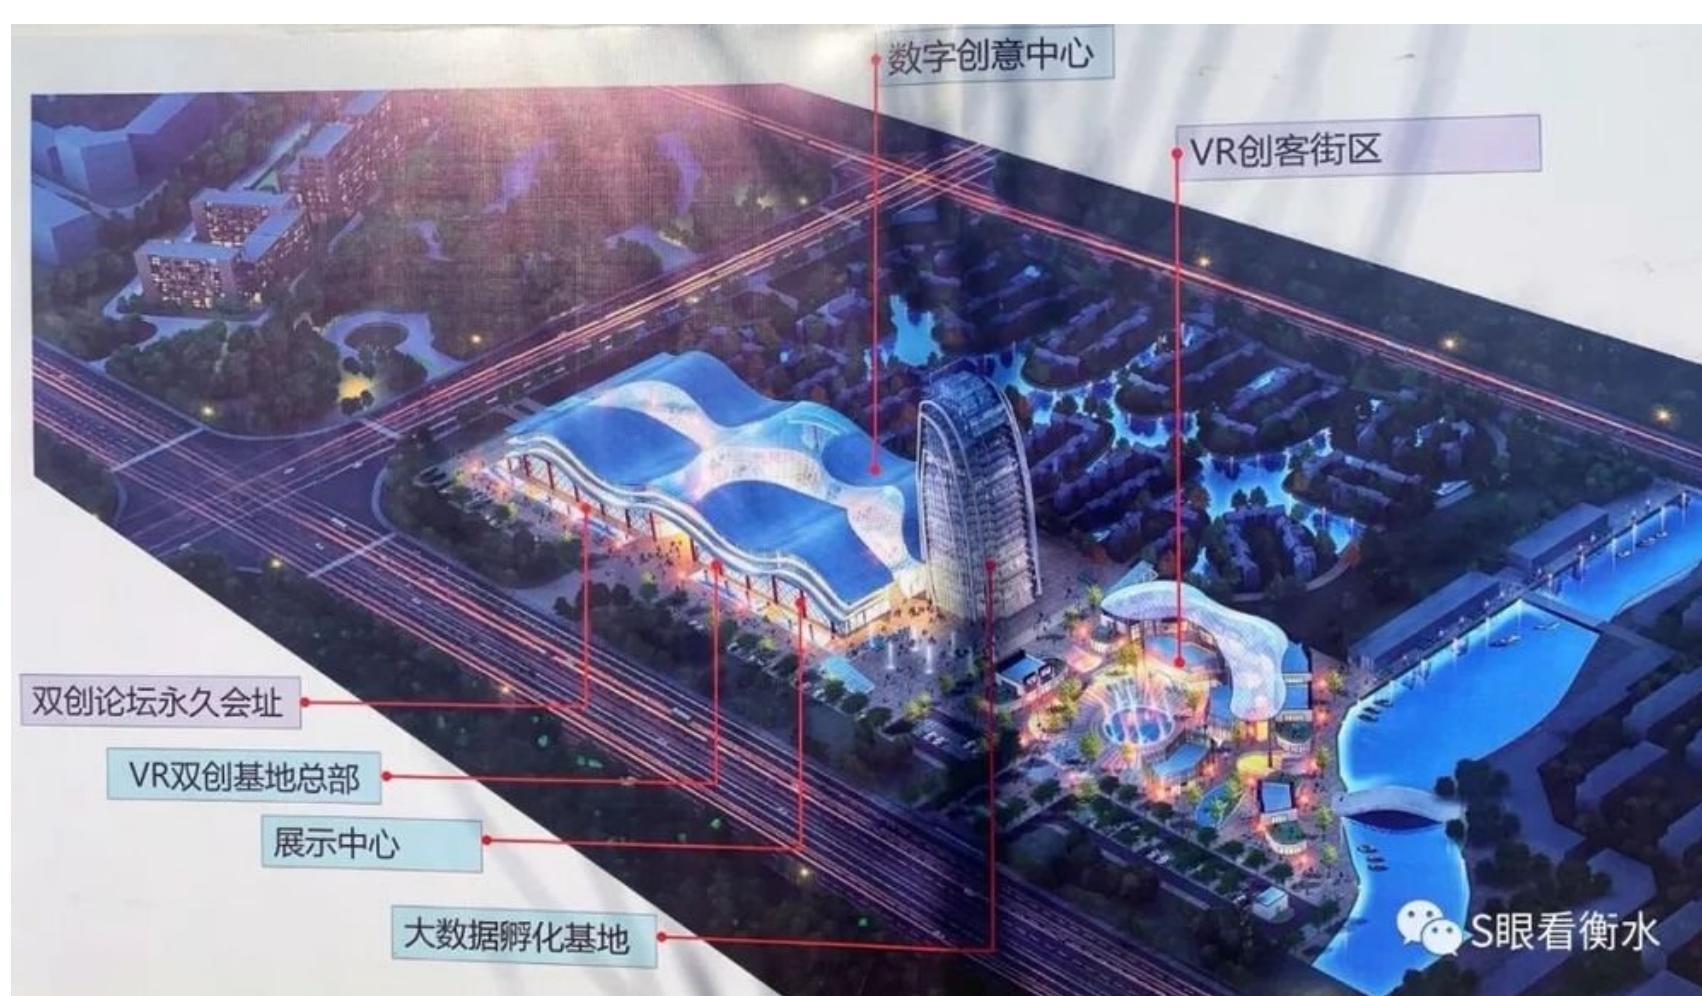

However, at present, the construction of urban roads in the east-west direction of Zhonghu Avenue is in urgent need of speeding up the progress. The South Ring Road is extended to Xingheng (Shiheng) Expressway, Fuyang 2nd Road and Xiangyang 3rd Road.

Otherwise, the Optical Valley Township's five-year holiday will crowd out the Zhonghu Avenue, not to mention the new investment in the second and third phases of the Xuegu and the new projects in the data industry.

The new city has been used in succession...
